The Jewish Federation of South Palm Beach County is at the center of all our lives. Hotwire's involvement is simply an extension of what our families have been doing privately for a lifetime. **Our employees all take the Campus Tour, and many volunteer throughout the year.** They get to see first-hand what the Jewish Community does for itself and the greater Boca Raton Community.

The exposure they have to the Federation leads to a better understanding of what the Jewish Community is doing to enhance all our lives and support people in need locally and in Israel. Those experiences and opportunities to give back are important benefits to Hotwire's involvement. The Federation is a win, win for any company that takes it beyond a donation.
